

WHY CHOOSE VITAFLO?

At Vitaflo® we believe a clear mind, the right balance of activity and rest, and healthy eating are essential to living life well. Vitaflo’s extensive range for PKU offers patients’ choice; products which are readily interchangeable with one another, so provision of size, protein type and flavour options are a plenty. The benefits of convenience and flexibility offered by Vitaflo protein substitutes, together with their lifestyle friendly features and up-to-date nutritional profiles, help support patients’ health and well-being goals; whatever they may be.

Choose to Live Life Well - Choose Vitaflo.

Lower calorie

Only 100kcal per 20g PE* - Alternative PKU AA* based powder may have up to 50% more calories.

Low volume

Just 100ml per 20g PE - Alternative PKU AA based powder can have up to 3 times the volume.

Flavours

Orange, Lemon, tropical and unflavoured. To enhance unflavoured sachet, add raspberry, tropical, blackcurrent or orange from our Flavour pac™ range.

Pre-measured sachets

15g PE or 20g PE available.
No measuring so accuracy every time.
Discrete and convenient. Express can be taken anywhere patient wants to be - work, sport, O/S travel and more.

*PE - protein equivalent, AA - Amino acid
